Many families are allowing their children to use the internet unsupervised. Do you know what your child is doing online?

Social networking sites, online tools and games such as *Facebook*, *Club Penguin*, *Moshi Monsters*, *BBM*, and *Twitter* can be a great method of interacting but there are risks associated with their use. BGBC have organised an e-safety awareness evening for parents/carers to help you manage these risks and improve the personal safety and security of your family members.

**Join us to help keep our young people safer on the internet.**
